And everyone knew me as the "annoying" girl, it was hard for me to get even one of those wishes. But when new girl Lexi Turner strolled into English class and sat next to me. My wish finally came true. For the first time, in eighteen years. Me. Ada Stephens, had a best friend. Lexi wasn't a regular new girl who blended into the background. No, she was turning every male head in the high school, especially the Kiba boys. Ugh... they were so hot and knew it. But they didn't hold a flame to Saint Wood. He graduated last year and I never stopped crushing... how could you. He was Saint-freaking-Wood. Now I had the bestie, I was just missing the one other thing I wished for. Only... As the only daughter of the leader of Potomac, she knows her duty is to find the perfect match. But after an excruciatingly public rejection, Selah's stepmother suggests an unthinkable solution: Selah must set sail across the Atlantic to visit a series of potential suitors—and if she doesn't come home engaged, she shouldn't come home at all. From the gardens of England to the fjords of Norge, Selah's quest will be the journey of a lifetime. But her stepmother's schemes aren't the only secrets hiding belowdecks...and the stakes of her voyage may be higher than any happy ending. Lush landscapes, dazzling romance, and captivating intrigue await in this stunning alternate historical YA debut—perfect for fans of *The Selection* or *Caraval*. England, the 1520s. Henry VIII is on the throne, but has no heir. Cardinal Wolsey is his chief advisor, charged with securing the divorce the pope refuses to grant. Into this atmosphere of distrust and need comes Thomas Cromwell, first as Wolsey's clerk, and later his successor. Cromwell is a wholly original man: the son of a brutal blacksmith, a political genius, a briber, a charmer, a bully, a man with a delicate and deadly expertise in manipulating people and events. Ruthless in pursuit of his own interests, he is as ambitious in his wider politics as he is for himself. His reforming agenda is carried out in the grip of a self-interested parliament and a king who fluctuates between romantic passions and murderous rages. From one of our finest living writers, *WOLF HALL* that very rare thing: a truly great English novel, one that explores the intersection of individual psychology and wider politics. With a vast array of characters, and richly overflowing with incident, it peels back history to show us Tudor England as a half-made society, moulding itself with great passion and suffering and courage. Read the book that Kirkus Review called: "A complex, witty page-turner, ideal for YA fans of scandal and romance." Seventeen-year-old Isis Blake hasn't fallen in love in three years, nine weeks, and five days, and after what happened last time, she intends to keep it that way. Since then she's lost eighty-five pounds, gotten four streaks of purple in her hair, and moved to Buttcrack-of-Nowhere, Ohio, to help her mom escape a bad relationship. All the girls in her new school want one thing—Jack Hunter, the Ice Prince of East Summit High. Hot as an Armani ad, smart enough to get into Yale, and colder than the Arctic, Jack Hunter's never gone out with anyone. Sure, people have seen him downtown with beautiful women, but he's never given high school girls the time of day. Until Isis punches him in the face. Jack's met his match. Suddenly everything is a game. The goal: Make the other beg for mercy. The game board: East Summit High. The reward: Something neither of them expected. to a human. I broke that rule the day I met the beautiful doctor. I might be a rodeo champ, but one look at her, and I lost my concentration. The bull tossed and gored me, and now the sweet female is on to me. When I healed within hours, she knew something wasn't right. My alpha told me to watch her. Not a problem. I'll watch her all right. Real close. I'll stick to her like superglue. And those human men who want to date her? They'd better step back. Because the doctor is all mine. Whether she knows it yet or not. Some things are inevitable, even with a fated mate. As the future alpha of the Silver Wolves, my life was carefully planned: stay hidden and learn to fight. But that didn't happen. My pack was slaughtered and now I'm running for my life. In my search for safety, I discover something else. My fated mate. The handsome jerk alpha can offer me something that no one else can—protection. "AMAZON #1 BESTSELLING AUTHOR" ONE OF THE BEST NEW VOICES IN THE ACTION THRILLER GENRE David Archer is back with a vengeance with his newest hero, Noah Wolf. After fans raved about his debut series, The Sam Prichard Novels, Archer now is about to back even harder. People are already throwing out names like Mitch Rapp and Alex Cross, but don't take my word for it. See what all the fuss is about before Archer becomes a household name! After witnessing the murder-suicide of his parents as a child, Noah suffers from a form of PTSD that has left him without emotion, without a conscience and without the ability to function as a normal human being. With the help of childhood friends, he learns to watch others around him and mimic their behaviors, in order to conceal the fact that his mind operates more like a computer than he has spent years programming. That program is what allows Noah to pass himself off as normal, by establishing parameters of right and wrong that are completely inviolable to him. As a young adult, Noah finds structure in the U.S. Army, and becomes an excellent and exemplary soldier, but when his self-imposed programming is put to the test by the murderous acts of the superior officer, Noah finds himself quickly made expendable, charged with crimes he did not commit and facing the possibility of execution. Without any reasonable hope for a reprieve, Noah's logic-based mind accepts his fate. Sometimes, though, things are not all as they seem to be, and Noah is offered one chance to save himself. It was his disability, his lack of emotion, that made him the soldier he had become. Now, an ultrasecret organization known as E & E wants Noah's talents, offering him a chance to survive... As the most deadly assassin the world has ever known." When a frightened young outlaw joins a gang of violent criminals their names - against a backdrop of death, dishonour, brotherhood, and love - will become legend. After viciously assaulting a corrupt but powerful clergyman Robin Hood flees the only home he has ever known in Wakefield, Yorkshire. Becoming a member of a notorious band of outlaws, Hood and his new companions - including John Little and Will Scafflock - hide out in the great forests of Barnsdale, fighting for their very existence as the law hunts them down like animals. When they are betrayed, and their harsh lives become even more unbearable, the band of friends seeks bloody vengeance. Meanwhile, the country is in turmoil, as many of the powerful lords strive to undermine King Edward II's rule until, inevitably, rebellion becomes a reality and the increasingly deadly yeoman outlaw from Wakefield finds his fate bound up with that of a Hospitaller Knight. In a world of danger and uncertainty, the Alpha has enough to worry about without him... For Alpha Evie Kitwanasdotir, things are never easy. The Great North Pack has just survived a deadly attack. Evie is determined to do whatever is necessary to keep her Pack safe, especially from the four Shifters who are their prisoners. Constantine lost his parents and his humanity on the same devastating day. He has been a thoughtless killer ever since. When Constantine is moved to live under Evie's watchful eye, he discovers that taking directions and having a purpose are not the same thing. Each moment spent together brings new revelations to Constantine, who begins to understand the loneliness of being Alpha. He finds strength and direction in helping Evie, but there is no room for a small love in the Pack, so Constantine must work harder than ever to prove to Evie he is capable of a love big enough for the Great North Pack itself. Great characters, brilliantly paced and explosive, gritty battle-scenes. Highly recommended' John Gwynne, author of *Malice* 'Well researched detail and stunning battle scenes make *The Last Berserker* a white knuckle ride. A thrilling, up-all-night read' C. R. May, author of *The Day of the Wolf* 'I loved it. Bjarki and Tor are great characters, instantly relatable. The depth of the immersion in their world and their values gives the book authenticity and weight' Cecelia Holland, author of *The Soul Thief Pack Rule #2: Always protect your mate* 'I protected my country. Protected my platoon. Now all I wanted to protect was her. Too bad that wasn't an option. I couldn't fall for the beautiful slip of a female. The baby sister of my brother's new mate. She was way too young. Way too human. Still in college. And too bright a force of nature. She had her whole life ahead of her. And I had the Green Berets begging me to reenlist. My wolf... he wanted her. But if I let her go without claiming her, I might not survive the moon madness. Fate will not be denied. And those FATED TO RISE can't remain in the shadows forever. Two thousand years after the ancient Kingdom of Alekka was broken in two, the gods are stirring, seeking a reckoning, for order can only last so long before chaos returns to claim its rightful place. The dreamers see what is coming. They warn their lords of a trouble greater than any other, raising fears of unimaginable death and destruction, and a winter colder than any that has come before. Heroes will be sought. Secrets revealed. Sides chosen. As the battle to claim Alekka begins... Eye of the Wolf is the first book in *The Lords of Alekka* epic fantasy series. Set in the same world as *The Furyck Saga*, it features a new cast of richly-woven characters and an exciting new adventure to embark upon. What readers are saying about *Eye of the Wolf*: 'Wow, just wow... when you start to read this make sure to allot enough time because you will not want to put it down. 'I absolutely LOVE this author! These books could seriously be a series you would see on Netflix or Hulu! 'If you like reading sagas like GOT or the Wheel of Time where there are a lot characters and lots of plots going on to keep track of then you will love Rayne's writing and enjoy this book/series. 'I keep forgetting how much I like the way she writes and the world-building she does. Looking forward to reading these for years to come. 'I first discovered this author when I found *The Furyck Saga*. I fell in love with the world-building and magic system. I believe it to be one of the best fantasy series I've read. 'She just keeps getting better! This is another amazing story! From the first few pages I was hooked! Note: This book contains adult themes and mature content' The third book in THE FALCON CHRONICLES series from DEADLY 60 and LIVE AND DEADLY presenter Steve Backshall. Follow Saker and Sinter's quest to save the world's endangered animals in the frozen Arctic wilderness. Saker and Sinter escape by the skin of their teeth when their plan to sabotage a billionaire businessman plundering 'black gold' (natural oil and gas) and hunting wolves in the remote Siberia goes disastrously wrong. But they escape one kind of peril only to find themselves in an even more terrifying situation. Separated by blizzards and avalanches, they are lost in a breathtakingly beautiful but deadly frozen Arctic wilderness. Suffering from frostbite and hunger, listening to the wolves howl and the packs draw closer, it seems that this time they cannot possibly live to tell their tale. Steve Backshall is the hugely popular and fearless presenter of the BBC kids' series DEADLY 60 and LIVE AND DEADLY as well as star of BBC's Strictly Come Dancing 2014. Till death do us part. My father married me off to one of the most powerful men in Italy. Maverick DeVille. But I call him the wolf. He calls me his sheep. The arranged marriage was detested by us both, but we had to make sacrifices for the right reasons. He needed to avenge his mother, and I needed protection from the mobs that want to torture me. He's not what I pictured for my husband. He's ruthless, calloused, and cold. His walls are higher than mine. He possesses cruelty that makes him feared. But it doesn't take long for me to respect him...even like him. I rely on my husband more than anyone else in the world. He provides for me, protects me, and chases away all my fears. He lets me graze in the meadow...not a care in the world. Because the wolf is always watching. "When people look in the darkness, they see shadows. I see monsters. And I kill the monsters that hunt my sheep." I hated this marriage in the beginning, but now I realize how lucky I am. How lucky I am to be the sheep the wolf protects...and doesn't eat. Finding my fated mate could bring death... or worse. After years of constant criticism, I finally escape the alpha of the strongest pack--my father. It's a chance to have a new beginning... and to live on my own terms, in my own way. The first day at college, I find more than what I bargained for. My fated mate. Something that any wolf rejoices in finding. Except he's forbidden--a human. The weakest race on Earth and someone my father would kill without any hesitation. Choices must be made, and loyalties will be tested. With everything on the brink of destruction, only one thing is certain - my life will never be the same again. The first in *The Wolf Chronicles* trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, *Promise of the Wolves* is a historical adventure story in the tradition of *Clan of the Cave Bear* and *Watership Down*. Set 14,000 years ago

in what is now Southern Europe, Promise of the Wolves is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind. In this breathtaking sequel to the instant New York Times bestseller For the Wolf, Red's sister Neve struggles to escape a mysterious land of twisted roots, lost gods, and mountains made of bone—and the only clues to her rescue are a magic mirror and a dark prince who wants to bring the whole thing crumbling down. The First Daughter is for the Throne The Second Daughter is for the Wolf... Red and the Wolf have finally contained the threat of the Old Kings but at a steep cost. Red's beloved sister Neve, the First Daughter is lost in the Shadowlands, an inverted kingdom where the vicious gods of legend have been trapped for centuries and the Old Kings have slowly been gaining control. But Neve has an ally, though it's one she'd rather never have to speak to again: the rogue king Solmir. Solmir wants to bring an end to the Shadowlands and he believes helping Neve may be the key to its destruction. But to do that, they will both have to journey across a dangerous landscape in order to find a mysterious Heart Tree, and finally to claim the gods' dark, twisted powers for themselves. AD 838. Deep in the forests of Wessex, Dunston's solitary existence is shattered when he stumbles on a mutilated corpse. Accused of the murder, Dunston must clear his name and keep the dead man's daughter alive in the face of savage pursuers desperate to prevent a terrible secret from being revealed. Rushing headlong through Wessex, Dunston will need to use all the skills of survival garnered from a lifetime in the wilderness. And if he has any hope of victory against the implacable enemies on their trail, he must confront his long-buried past - becoming the man he once was and embracing traits he had promised he would never return to. The Wolf of Wessex must hunt again; honour and duty demand it. Jaque Pierce was an ordinary 17-year-old girl getting ready to start her senior year in high school in Coldspring, TX when a mysterious foreign exchange student from Romania moves in across the street. Jaque and her two best friends Sally and Jen don't realize the last two weeks of their summer are going to get a lot more interesting. From the moment Jaque sets eyes on Fane, she feels an instant connection, a pull like a moth to a flame. Little does she know that the flame she is drawn too is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. The problem is Fane is not the only wolf in Coldspring. Just as Fane and Jaque are getting to know each other, another wolf steps out to try and claim Jaque as his mate. Fane will now have to fight for the right to complete the mating bond, something that is his right by birth but is being denied him by a crazed Alpha. Will the love Fane has for Jaque be enough to give him the strength to defeat his enemy and will Jaque accept she is Fane's mate and complete the bond between them? Michael Morpurgo has created a sweeping and dramatic story in the time of Bonnie Prince Charlie. This spellbinding tale is complemented perfectly by Michael Foreman's illustrations. Robbie McLeod and a wolf cub, both orphaned, venture far from their birthplace, a land of rebellious fighters and vicious redcoats. There is little constancy in Robbie's adventurous life, save for the companionship of his wolf. But when at last Robbie finds a place where he can peacefully make his home, he knows in his heart that the wolf must find his own natural home too . . .
