Modern Ninja Warfare Feb 12 2022 Modern Ninja Warfare takes a contemporary look at the stealthy methods of the Ninja (Shinobi) and how they can be employed to counter modern security threats. This book provides an ideal overview of Ninjutsu techniques for security personnel, military, Special Forces, military history buffs and anyone serious about learning how Ninja tactics can be applied to the modern world. Ninja historian Antony Cummins, himself a skilled martial artist, takes a detailed and realistic look at the Ninja, their methods and their role in the medieval Japanese military, as well as how they compare to today's Special Forces and covert military groups. The chapters

include a detailed look at the defensive strategies, engagement against specific threats, intelligence gathering, territorial concerns, mental focus and the spiritual mind-control techniques of these invisible warriors. With over 100 striking illustrations that vividly portray the Ninjas' secret world, this book shines new light on their shadowy methods. In the process, the mythical image of the Ninja is washed away revealing the reality of these commando-spies of medieval Japan.

The Secret Traditions of the Shinobi Jun 16 2022 The shinobi, or ninja, is one of the most widely recognized figures in the world of espionage—and also one of the most

misrepresented. What do we really know about the historical shinobi, his tactics, and his role in medieval Japanese society? In *Secret Traditions of the Shinobi*, these questions—and many more—are answered. Translated into English for the very first time, this widely sought-after collection of historical documents brings to light the secret practices, techniques, philosophies, and lifestyles of the shinobi. Included are: • the *Shinobi Hiden*, or "Secret Ninja Tradition," a documentation of techniques commonly attributed to one of the best-known ninja masters, Hattori Hanzo; • the *Koka Ryu Ninjutsu Densho*, a small but important work from the Edo period that reveals the realm of ninja magic and spells; • the three shinobi scrolls of the *Gunpo Jiyoshu*, a manual enthusiastically promoted by Tokugawa Ieyasu, the first Tokugawa shogun of Japan; • one hundred poems written between the twelfth and fifteenth centuries—making them the oldest collection of written ninjutsu information in the world; and •

seventy historical black-and-white illustrations depicting ninja tools and weapons. *Secret Traditions of the Shinobi* will enthrall martial artists eager to learn the real skills of the shinobi, as well as anyone interested in this exciting period of Japanese history and espionage. From the Trade Paperback edition.

Iga and Koka Ninja Skills May 15 2022 'A retainer of our domain, Renpeido Chikamatsu Hikonoshin Shigenori, each morning washed his face and hands, dressed himself in Hakama and prayed in front of the kamidana alter ...His prayer was thus: "Please afford me success in war." He kept to this routine all through his life.' Through patient and scholarly detective work, Antony Cummins and the Historical Ninjutsu Research Team have unearthed a Shinobi treasure. The 18th-century military historian Chikamatsu recorded the oral traditions of the Ninja and passed on those skills in lectures he

gave at his Renpeido school of war in Owari domain during the early 1700s. Chikamatsu wrote specifically about the Shinobi of Iga and Koka, regions from which warriors were hired all over the land in the days of war. The lost scrolls are filled with unknown Shinobi teachings, skills that include infiltration, assassination, explosives, magic and commando tactics, including an in depth commentary on Sun Tzu's famous 13th chapter, 'The Use of Spies'.

Ninja and Their Secret Fighting Art Jan 19 2020 Look past the legends and learn about the REAL ninjas of feudal Japan with this entertaining, illustrated ninjutsu guide. Ninjutsu, the least understood of the Japanese martial arts, is an ancient fighting style emphasizing natural movement, responsiveness to adversaries, and absolute practicality. In feudal

Japan, ninja were feared for their skill in espionage and, particularly, assassination. Masters of weaponry, stealth, and martial techniques, ninja were credited with supernatural powers because of the near-invincibility of their unique and deadly art. In *The Ninja and Their Secret Fighting Art*, Black Belt Hall of Fame member, Stephen K. Hayes, reveals the secrets that lead to the perception of the ninja as warriors of almost sorcerous skill—the art of invisibility, special tools and weapons, and psychological training enabling the ninja to gain advantage in any situation. Chapters include: Perspective—Origin; Organization; Training; At the Height of Power; The Decline; Ninjutsu in the Modern World Search for the Ninja Unarmed Combat—The Ninja Fists; Fighting Postures; Other Factors Weaponry—Chains and Cords; Sticks and Staffs; Canes with Concealed Weapons; The Ninja Sword; Throwing Blades The Way of Invisibility—Sense Deception; Phantom Steps;

Shoninki: The Secret Teachings of the Ninja

Sep 19 2022 The classic text on the mystical traditions of the ninja now decoded in English • The path of the ninja as an authentic spiritual discipline • Details the art of concealment and espionage, including methods of disguise, survival techniques, and face reading • A ninja response to the Samurai Bushido and the way to mind-body harmony Experts in disguise, infiltration, espionage, and counterintelligence, the ninja had spiritual values and magical traditions that distinguished them from the soldierlike samurai. Their art of ninjutsu,

invisible as well as indispensable, was transmitted in secret schools and relied on only a few books, which were written in code. The Shoninki, one of the most important of these coded manuals, was written in 1681 by Master Ninja Natori Masazumi. Presenting all facets of the art of concealment, espionage, and physical prowess, including methods of disguise and survival techniques, this source text also contains teachings on spiritual meditations, psychic powers, the art of face reading, controlling the emotions, and magic spells. Revealing the connection between the ninja and the yamabushi--warrior monks who were endowed with supernatural powers--this classic text confirms the path of the ninja as an authentic spiritual discipline, one of self-realization and detachment and the way to mind-body harmony.

Ninja Skills Nov 21 2022 This is the first book ever to present the authentic ninja techniques in a highly accessible, illustrated 'how to' format. The shadowy figure of the ninja _ expert commando, secret agent, maverick who operates outside social norms _ continues to exert fascination in the West, yet much of what is presented as ninja fact today is distorted or wrong. Drawing on the scrolls created by historical Japanese ninjas (or shinobi, as they were then known), this book offers the real ninja teachings in 150 easy-to-follow, illustrated lessons designed to draw contemporary students of ninja straight into the world of these skilled spy-commandos. The truth about the ninja is so much more complex and intriguing than the Hollywood clichés we know today. We may think, for example, of a ninja as being always garbed in black and fighting with 'throwing stars' but in fact, a ninja had clothes in different colours to

serve as disguises for different times of day, and their arsenal of weaponry could include anything from poison, poison gas, pepper spray and fire-creating tools to swords, spears and knives (but no throwing stars). The 150 lessons in this book cover all the basics of ninja warfare, including clever ideas for infiltrating an enemy compound (from wearing 'silent sandals' to faking passes and passwords), tactics for hiding and retreat (in the racoon dog retreat, a ninja will crouch low and halt, allowing the pursuer to collide with him at speed, whereupon the agent kills his enemy), and ways of crossing marshes and water (for example, with special shoes made of boards, or using a foldaway floating seat). The description is made all the more vivid by step-by-step photographs of the fighting techniques, diagrams outlining military tactics and beautiful samples of Japanese calligraphy.

Black Ninja Handbook Dec 30 2020 This book is a training manual for the shadow warriors of our Empire. It is written for Acolytes of our Black Brotherhood who choose to specialize in the dark arts of espionage, sabotage, assassination, stealth, scouting and covert operations of every kind. Make no mistake: this is a dangerous book. The skills and ideas described herein are based on the hard-won knowledge of real shadow warriors who operated for centuries in harsh conditions,

where the price of failure was often terrible death. Their very name-Ninja-meant those who lived with their hearts under a blade; those who walked a path of danger and faced death as a way of life. Such dangerous knowledge is not meant for "armchair ninjas" who enjoy stories about "Leagues of Shadows" but have no intention of putting any of it into practice. No! This book is for those with the courage and will to act, to train and to transform themselves into lethal shadow-beings. Our Empire will need an army of such men of action to take our visions from the realm of imagination into the realm of material reality. With the publication of this book, we are putting out a call and a challenge to those who wish to become the most feared operatives of our new Imperial order: the dark knights we call Black Ninjas. So read on, and discover if this is to be your destiny. In the words of a haiku I wrote the other day: Ninja clans unknown In shadows training, creeping Are you one of us? DRED NIGHTSTALKER

The Book of Ninja Dec 22 2022 The first complete translation of the ultimate Ninja manual—a comprehensive guide to the arts of the ninja, including espionage, warfare, assassination, and more In 1676, a ninja named Fujibayashi collected and combined information from the ninja clans of Iga—regarded to be the homeland of the ninja—and compiled it into an authoritative book. Known as The Bansenhukai, Fujibayashi's book has now been translated into English by the Historical Ninjutsu Research Team and is widely considered to be the 'bible' of ninjutsu, the arts of the ninja. The Book of Ninja begins with an in-depth introduction to the history of Fujibayashi's scripture. The teachings themselves, appealingly rendered in this translation, then take us into the secrets of guerrilla warfare and espionage. We learn how to become the ultimate spy, whether through a

network of spies or by hiding in plain sight. Through the stealth and concealment tactics of night-time infiltration, through weapon and tool building skills, and through mission planning, we can learn much both about warfare and about adopting the right mindset for tackling our own inner and outer enemies. Adding to the mix for the spycraft lover, there are sections on capturing criminals, performing night raids, making secret codes and signs, and even techniques for predicting the weather, and using an esoteric Buddhist system of divination. An exciting and engaging tome of lost knowledge, The Book of Ninja is the final say in the world of the ninja and the ultimate classic for samurai and ninja enthusiasts alike.

Ninja Feb 18 2020 Ninjutsu is the most renowned and misunderstood of all martial arts. The long history of ninjutsu is often murky; surrounded by mystery and legend. Here, for the first time, is an in-depth, factual look at the entire art of ninjutsu, including emergence of

the ninja warriors and philosophy in feudal Japan; detailed historical events; its context in the development of other schools of martial arts; and the philosophies and exercises of the school today. Based on more than ten years of study and translation of authentic Japanese texts, including many that have never before been translated, this is the most comprehensive and accurate study on the art of ninjutsu ever written outside of Japan. This ninja book includes studies of ninjutsu history, philosophy, wisdom, and presents a wide range of information from authors, historians, chronicles and scrolls in order to foster a deep understanding of this "shadowy" art. For those who train in ninjutsu, for other martial art practitioners, for historians, and for anyone with an interest in Japanese feudal history or Japanese martial arts, *The Ninja: Ancient Shadow Warriors of Japan* shines a light on this enigmatic subject.

The Illustrated Guide to Viking Martial Arts Aug 26 2020 Martial Arts researcher Antony Cummins reveals the hitherto hidden world of Viking hand-to-hand combat, which employed the sword, the spear, the axe and the shield. Based upon a careful analysis of the Viking sagas, the techniques described are recreated precisely, from knocking down a spear in mid-flight to the shield cleave. Illustrated with over 250 images, *The Illustrated Guide to Viking Martial Arts* in effect represents the earliest combat manual in the world. This insight into

the warriors who were the scourge of Dark Age Europe is a feat of textual interpretation – and imagination.

The Book of Ninja Jan 23 2023 The Book of Ninja, the ultimate ninjutsu manual, was penned in 1676 by a ninja known as Fujibayashi. Born in the post-civil war era of Japan, Fujibayashi collected and combined information from the

ninja clans of Iga - regarded to be the homeland of the ninja - and compiled it into an authoritative book. Known as The Bansenhukai, this book has now been translated into English by the Historical Ninjutsu Research Team. It is widely considered to be the 'bible' of 'ninjutsu', the arts of the ninja. The Book of Ninja begins with an in-depth introduction to the history of Fujibayashi's scripture. Then the teachings themselves, appealingly rendered in this translation, take us into the secrets of guerilla warfare and espionage. We learn how to become the ultimate spy, whether through a network of spies or by hiding in plain sight. Through the stealth and concealment tactics of night-time infiltration and through weapon and tool building skills, as well as mission planning, we can learn much both about warfare and about adopting the right mindset for tackling our own inner and outer enemies. Adding to the mix for the spycraft lover, there are sections on capturing criminals, performing night raids,

making secret codes and signs, and even techniques for predicting the weather and using an esoteric Buddhist system of divination. An exciting and engaging tome of lost knowledge, *The Book of the Ninja* is the final say in the world of the ninja and the ultimate classic for samurai and ninja enthusiasts alike.

Ninja Jan 11 2022 The ninja is a well-known phenomenon in Japanese military culture, a fighter who is widely regarded as the world's greatest exponent of secret warfare. He infiltrates castles, gathers vital intelligence and wields a deadly knife in the dark. His easily recognizable image is that of a secret agent or assassin who dresses all in black, possesses almost magical martial powers, and is capable of extraordinary feats of daring. He sells his skills on a mercenary basis and when in action his unique abilities include confusing his enemies by making mystical hand gestures or by sending sharp iron stars spinning towards them. That is the popular view, but it is much exaggerated, as

this exciting new book explains. *Ninja: Unmasking the Myth* is a revealing, fascinating and authoritative study of Japan's famous secret warriors. Unlike all previous books on the subject the author, who is an expert in the subject, does not take the ninja for granted. Instead he examines the entire phenomenon in a critical manner, ranging from accounts of undercover operations during the age of Japan's civil wars to the modern emergence of the superman ninja as a comic book character. The popular ninja image is shown to be the result of several influences that were combined to create the world's greatest secret warrior. Many well-known features of the ninja tradition such as the black clothes and the iron stars are shown to be complete inventions. One important feature of the book is the use of original Japanese sources, many of which have never been translated before. As well as unknown accounts of castle attacks, assassinations and espionage they include the last great ninja manual, which

reveals the spiritual and religious ideals that were believed to lie behind the ninjas arts. The book concludes with a detailed investigation of the ninja in popular culture up to the present day including movies, cartoons and theme parks.

Fours, '89-'96 Jan 31 2021 Each Haynes manual provides specific and detailed instructions for performing everything from basic maintenance and troubleshooting to a complete overhaul of the machine, in this case the Kawasaki ZX750 (Ninja ZX-7 & ZXR750 Fours, model years 1989 through 1996. Do-it-yourselfers will find this service and repair manual more comprehensive than the factory manual, making it an indispensable part of their tool box. A typical Haynes manual covers: general information; troubleshooting; lubrication and routine maintenance; engine top end; engine lower end; primary drive, clutch and external shift mechanism; transmission and internal shift mechanism; engine management

system; electrical system; wheels, tires and drivebelt; front suspension and steering; rear suspension; brakes; body, and color wiring diagrams. An index makes the manual easy to navigate.

In Search of the Ninja May 03 2021 Who were the real Ninja, what skills did they possess and how were they employed in warfare? Lost in modern myth, false history and general misinterpretation, the ninja have been misrepresented for many years. Recently, a desire for a more historical view has emerged and here Antony Cummins fulfils that need. In Search of the Ninja is based upon the Historical Ninjutsu Research Team's translations of the major ninja manuals and consists of genuinely new material. Here for the first time the connection of the famous Hattori family warriors with the ninja is explained. The Samurai versus ninja myth is dispelled and the realities of ninja skills are analysed. The book explores newly discovered connections to ancient Chinese

manuals, lost skills and the 'hidden' philosophy that the Ninja followed. In some ways the truth is more remarkable than the fantasy. The ninja were no myth, they were an important part of the military assets of warlords for centuries and their skills were prized and paid for across the country. In *Search of the Ninja* is the first and only historical look at the shinobi of ancient Japan.

Ninja Feb 24 2023 Based on historical ninja training manuals, this witty and informative volume gives you all the tools you need to enter the secret world of ninjutsu. Ninjas—Japan's famous black-clad spies, saboteurs, and undercover fighters, equipped with superb martial arts skills and an uncanny aptitude for sneakiness—are the stuff of myth and legend. In the present day, movies, comic books, theme parks, and computer games have all been dedicated to the ninja. Folklore and entertaining tales concerning ninjas remain immensely popular as the Ninja has captured a central

place in the cultural imagination, both in Japan and in the West. *Ninja* takes the reader to Japan in 1789, conveying the excitement, danger, and subterfuge of the period. Based on original ninjutsu training manuals, it teaches precisely what is required to become a ninja. Illustrated throughout with contemporary artifacts, documents, and prints taken from the original manuals, as well as modern reconstructions, this lighthearted but informative guide covers every aspect of what it was really like to be a ninja in Japan.

Samurai Arms, Armour and the Tactics of Warfare

Dec 10 2021 This book is part of the unique Book of Samurai series that comprises the works of 17th-century samurai tactician Natori Sanj_r_Masazumi, retainer and advisor to the lords of Kish_domain. It offers an unparalleled insight into the weaponry and armour of the samurai era, as well as tactical advice for use on the battlefield and off_wisdom that can be applied to many scenarios today. Heieki Y_h_, the first scroll translated in this

book, offers advice for every possible situation, from moving troops to besieging a castle to fighting on the open battlefield. From turning thieves or cowards to good service, to practising "external listening" in order to obtain information from as many sources as possible, to penetrating the deeper motives of those who slander (or praise) others, the advice here is thought provoking and paints a vivid picture of samurai Japan at war. Heigu Y_h_, the second scroll, gives us a rare and precious glimpse into samurai arms and armour, including their construction, status regulations and connected ceremonies, mythology and Buddhist doctrine: a helmet's ventilation hole, for example, allows access to the 98,000 gods of war. There is an accessible introduction and a glossary, as well as 130 line drawings that include illustrations of arms and armour, strategic diagrams and beautiful examples of Japanese calligraphy.

Secrets of the Ninja Aug 06 2021 Bronze Medal Winner, 10th International Manga Awards

This historically grounded manga follows the ninja Nagata Saburo as he teaches his son, Hisaaki, the weapons, secret tactics, and values of the ninja. Based on the real-life writings of the famous ninja Hattori Hanzo, *Secrets of the Ninja* combines a familiar coming-of-age story with a historically accurate background of political intrigue and Sengoku-period Japanese culture. As Hisaaki grows from boy to man, Wilson skillfully interweaves real lessons, weapons, and

skills used by ninja in feudal Japan, depicted with detail by artist Akiko Shimojima. All of the tactics Saburo teaches to his son are drawn from the *Shinobi Hiden*, the most famous of the "ninja scrolls" written by Hattori Hanzo, general to the warlord Tokugawa Ieyasu and one of the most famous warriors in Japan. These scrolls provided practical instruction for professional ninja, but they also provide insightful theories of social relationships and human interaction, studying the nature of deception, falsehood, and self-protection. An extensive supplementary section written by Antony Cummins provides fascinating details on these scrolls and their practical lessons. Accessible, insightful, and exciting, *Secrets of the Ninja* is the perfect introduction to the world of samurai and shinobi warfare.

The Secret Traditions of the Shinobi Apr 21 2020 An illuminating study of martial arts techniques, philosophies, and lifestyles that shines a light on one of the most misunderstood figures from Japanese history: the ninja The

shinobi, or ninja, is one of the most widely recognized figures in the world of espionage—and also one of the most misrepresented. What do we really know about the historical shinobi, his tactics, and his role in medieval Japanese society? In *The Secret Traditions of the Shinobi*, these questions—and many more—are answered. Translated into English for the very first time, this widely sought-after collection of historical documents brings to light the secret practices, techniques, philosophies, and lifestyles of the shinobi. Included are: • the *Shinobi Hiden*, or "Secret Ninja Tradition," a documentation of techniques commonly attributed to one of the best-known ninja masters, Hattori Hanzo; • the *Koka Ryu Ninjutsu Densho*, a small but important work from the Edo period that reveals the realm of ninja magic and spells; • the three shinobi scrolls of the *Gunpo Jiyoshu*, a manual enthusiastically promoted by Tokugawa Ieyasu, the first Tokugawa shogun of Japan; • one

hundred poems written between the twelfth and fifteenth centuries—making them the oldest collection of written ninjutsu information in the world; and • seventy historical black-and-white illustrations depicting ninja tools and weapons. The Secret Traditions of the Shinobi will enthrall martial artists eager to learn the real skills of the shinobi, as well as anyone interested in this exciting period of Japanese history and espionage.

Samurai and Ninja Oct 28 2020 The myths of the noble Samurai and the sinister Ninja are filled with romantic fantasy and fallacy. Samurai and Ninja expert Antony Cummins shatters the myths and exposes the true nature of these very real—and very lethal—medieval Japanese warriors. The Samurai and Ninja were in fact brutal killing machines trained in torture and soaked in machismo. Many were skilled horsemen and sword-fighting specialists, while others were masters of deception and sabotage. Some fought for loyalty, others for personal

gain. What these warriors all shared in common was their unflinching personal bravery, skill and brutality. In *Samurai and Ninja*, Cummins separates myth from reality and shows why the Japanese were the greatest warriors of all time: He describes the Samurai and the Ninja as they really were in earlier times when battles raged across Japan—not in later times when war became obsolete and Japanese warriors became philosophers, scholars and courtiers. He describes the social context of the day and the feudal world into which the warriors were trained to fight and die for their lords. He exposes the essentially brutal nature of warfare in medieval Japan. This book is illuminated by many rare Japanese manuscripts and texts which are translated into English for the very first time.

Witches Handbook Jul 05 2021 Winner at the 2012 International Latino Book Awards. An entertaining and bewitchingly illustrated guide that will delight those who dare to venture into

the mysterious witches world. Three days ago, my brother and I received the most mysterious letter from Aunt Amarga: “Dear niece and nephew, There’s not much time left... Do you want to learn everything you’ve ever wanted to know but have never before known because nobody has ever known? In short: Do you want to know if witches really exist?” Being a witch is hard work, especially because they have to keep it a secret all the time! Being evil, flying in those impossible broomsticks, mixing all kind of plants together to create the perfect evil potions and spells... it is an enduring task! Aunt Amarga is a witch, and probably the only one left. That is why she decides to share this Witches Handbook with her nephews, so that all the all-time secrets of witches don’t go along with her! Readers of all ages will laugh along as they learn everything about the magic world of witches. Read the first pages right here:

True Path of the Ninja Oct 20 2022 True Path of the Ninja is the first authoritative translation

in English of the Shoninki—the famous 17th-century ninjutsu manual. Authors Antony Cummins and Yoshie Minami worked closely with Dr. Nakashima Atsumi, author of the most comprehensive modern Japanese version of the Shoninki, thus making this English translation the closest to the original scrolls. The information and insights found in this translation are invaluable for understanding the skills, techniques and mentality of the historical shinobi. Whether it involved tips for surviving in the wild, advice on intelligence-gathering techniques, or methods for creating chaos in the enemy camp, this ninja book unveils secrets long lost. Along with its practical applications, this book is an important guide to the mental discipline that ninjas must have to ensure success in accomplishing their mission. True Path of the Ninja covers the following topics: What a ninja is and what equipment he needs The skills of infiltration and information gathering How to disrupt and distract the enemy

How to be mentally prepared to carry out ninja missions In addition to the translation of the Shoninki, this book also includes the first written record of the oral tradition "Defense Against a Ninja" taught by Otake Risuke, the revered sensei of the legendary Katori Shinto Ryu school of swordsmanship. Sensei reveals for the first time these ancient and traditional teachings on how the samurai can protect himself from the cunning wiles of a ninja. About this new edition: This second edition contains a new introduction by the translator and has been thoroughly updated to reflect developments that shed new light on the original Japanese text.

[Illustrated Ninja Handbook](#) Nov 09 2021 Learn to master ninjutsu techniques and the Budo warrior ethos with this informative and entertaining martial arts guide. Welcome to the secret world of the ninja master! The Illustrated Ninja Handbook is your ultimate guide to the esoteric knowledge and teachings of the ancient Japanese shinobi. It provides ninjitsu devotees

with the first detailed understanding of this shadowy and mysterious martial art form. This handbook contains step-by-step instructions that allow you to master the 40 most devastating ninja fighting techniques. It was created with the blessing of legendary ninjutsu master Soke Masaaki Hatsumi, who taught for many generations in the Bujinkan School—generally recognized as the leading ninjutsu school in the world. The Bujinkan Dojo encompasses nine separate ryu-ha or martial arts schools that are based in Japan and headed by Hatsumi. Bujinkan ninjas use both armed and unarmed fighting techniques, with weapons such as swords, bamboo shinai, and staffs. They also learn to defend themselves unarmed against weapons attacks. Author Remigiusz Borda studied and taught Bujinkan ninjutsu for many decades, and in this book presents the unique system created by Masaaki Hatsumi—the 34th Grandmaster and head of the Togakure-ryu Ninjutsu lineage. The Illustrated Ninja Handbook is based on hundreds

of years of actual ninja combat experience and contains the traditional knowledge of the legendary Shinobi warrior clan who were instrumental in helping found the Tokugawa Shogunate.

The Ultimate Art of War Oct 16 2019 This is the most accessible edition of Art of War ever produced, with the text broken down into digestible individual lessons, unique teaching illustrations to clarify the text, and step-by-step commentary that draws on the full range of recent translations and ancient commentators. Composed in the 5th century BC, Sun Tzu's Art of War is the earliest-known treatise on military strategy, and is still hugely popular around the world for its perceptive tactical advice to commanders on how to win at war with minimal bloodshed. Aimed at all those who want to study the text in depth, this is the first step-by-step guide to the famous treatise, breaking down the 13 chapters of the original into 200 easily digested lessons, from 'do not press a desperate

enemy' to 'control your troops through bond of loyalty' to 'when you are weak, beware attack', all accompanied by comprehensive commentary and clarified with around 250 illustrations. Making the lessons even more memorable and easy to understand, the black/red illustrations include strategic diagrams, evocative line drawings and beautiful calligraphy. This ultimate guide to Art of War includes the classic 1910 translation by Lionel Giles and commentary that takes into account all academic interpretations of the text, highlighting differences between modern translations as well as the perspectives of historical Chinese commentators. No other edition compares and contrasts the viewpoints of different contemporary translators, or explains exactly what each section of this often enigmatic text actually means.
