Some issues, Aug. 1948-1954 are called: Radio-electronic engineering edition, and include a separately numbered and paged section: Radio-electronic engineering (issued separately Aug. 1954-May 1955). This book may be dry in parts, but it is exactly how a serviceman's life unfolds. It may seem strange to some people that your day-to-day existence (daily life) is dictated by pieces of paper. It is not like a civilian that does not have a rigid routine with military precision. In one sense, it gives you a feeling of security, knowing what is laid out for you. On the other hand, it gives you the feeling that someone else is pulling the strings for you to act. As you retain copies of all these orders (paperwork) for your personal files, you have a running (chronological) history of your life. It covers all aspects the good, the bad, and the ugly. It may be hard for a civilian, nonmilitary person, who has not had any exposure to military life, to understand all the paperwork in this book. While reading this book, take a moment to see how different a serviceman's life is compared to a civilian's. If your third generation Corvette demands restoration, you've come to the right place! This information-packed reference outlines every part and sub-assembly necessary for a factory-original restoration to your coveted Corvette. Filled with detailed schematics, charts, illustrations and photographs necessary to authentically restore every part, system, or component. Find out what's correct before you begin your next restoration project! A guide to restoring and maintaining third-generation Corvettes offers comprehensive and photography-enhanced coverage of the full range of the C3's unique components, from

engines and drivetrains to chassis and interiors. Original. Some issues, Aug. 1943-Apr. 1954, are called Radio-electronic engineering ed. (called in 1943 Radionics ed.) which include a separately paged section: Radio-electronic engineering (varies) v. 1, no. 2-v. 22, no. 7 (issued separately Aug. 1954-May 1955).
