**Road Life** Sep 21 2020 Road Life introduces you to 35 inspirational people from across the globe who've made their vans, campers and buses part of their lifestyle, and provides you with the tools to do the same. What's the appeal of a life on the road, with everything you need contained on four wheels? Tried it yourself and felt inadequate and underprepared? Or feel daunted by converting a vehicle yourself? The campers in this book can show you how to roll up in style. From expert craftsmen who've converted entire buses from scratch, to low-key explorers who've perfected the art of budget travel; solo travellers living and working on the road, to families who sold up everything for a life of touring — for these aficionados, life on the road is pure pleasure, a way to connect with nature, an antidote to modern life. And, unlike most of us, they know how to do it properly. Supported by Instagram-worthy photography, Sebastian Antonio Santabarbara interviews each contributor to bring out their unique and inspirational approach to life and travel, their most memorable experiences (and challenges), and the tips and gadgets they couldn't live without. The book also provides advice to achieve the 'road life' yourself and suggests worldwide destinations that provide a similar setting, giving you the inspiration and tools to plan your next trip. With enviable campervan setups, stories that will give you wanderlust, stunning locations and top advice from the experts — Road Life is the perfect companion and guide for any wannabe van owner.

**Algols** Aug 21 2020 When leaving the Victoria airport the day before our Colloquium, I saw a van of the Dunsmuir Lodge marked with big letters which I read as "Alcohol Colloquium". I do often make such blunders because of the global, casual, and careless way in which I read various ads, and checked myself quickly to read it correctly as "Algol Colloquium". Millions of fellow citizens could easily make the same mistake, and no apology could be expected. Even I read and hear the word alcohol more frequently than Algol, although I must say that Algols have given me more pleasure and fewer headaches over the years; in that, however, I may be a singularity, and possibly a pitiful one at that. Being appointed Chairman of the Scientific Organizing Committee, I may be deemed to be a purer" Algolist" than other investigators, although my range of active interests is much broader; and the same is true about all the 28 invited speakers and all the other participants of the Colloquium. Our interest are strongly diversified, but there are several good reasons that brought us together at this Colloquium.
